

9 October 1947

MEMORANDUM FOR THE RECORD

Since the clarifying memorandum supplementing that of September 18 about the appointment of an Intelligence Advisory Committee to replace the former Intelligence Advisory Board has not yet been sent and since replies to the September 18 memo have been received from only two members, it is thought that no paper can be written at this time regarding (1) standing committee for the IAC and (2) secretariat for the IAC.

After the clarifying memo has gone out to the members of the IAC these two papers should be started.
